

Company Profile

Lamppost Designs is a small design firm based in Noida (U.P). We started our journey in 2015 and never turned back and forged ahead. We offer a wide range of graphic design, Branding, UI/UX and advertising services which primarily includes start-ups, small business, non-Profit organizations & Large Business. We partner with clients to develop fresh, accessible, consistent design that communicates their vision and inspires engagement on a deeper level.

We have an in-house product called Idoag which is a student discount card

You can also check the website: www.idoag.com for idoag details
